

2016 Agape Camp

Dear Friend in Christ,

Thank you for your initial registration for Agape Camp.

We at Pioneer are looking forward to a week of fun as we work and play together. Our daily goals are to make new friends, experience God's goodness through His marvelous creation, and experience His love through others.

In order for your application to be finalized, we need you to complete, sign and return the following forms within **two weeks**:

1. Medical history and consent. Anyone who can give permission for camper's medical care may sign the consent form.
2. Master List of Diagnosis (PONS)
3. Behavior Support Plane (BSP)
4. Seizure Protocol, if applicable

Also please provide:

1. Copies of all prescriptions for OPWDD compliance
2. Photo of camper

The enclosed forms must be completed before acceptance is confirmed and must be filled out for each camper. Only the enclosed forms will be accepted. Please make sure all forms have the required signatures, contact information and are filled out in their entirety. This will help us better care for the camper and determine if our staff is adequately trained for special circumstances. ***We are equipped for most physical disabilities, but we require all of our campers be capable of taking care of their own hygiene and putting on their own braces.***

We ask that you please do **not** staple any forms. Forms must be mailed to ensure original signatures--faxed or emailed copies cannot be accepted. Once we receive this completed information we will send you acceptance confirmation.

Participation for Agape Camp is based on the date these forms are received by Pioneer, not by the date of your initial deposit.

If you have any other questions, please feel free to call the Pioneer office at (716) 549-1420.
